Dear Friends,

Please except this certificate of appreciation for your organization's generosity to our soldiers. What a blessing it was for our soldiers to receive your gracious support and encouragement during the hot months of 2004. The fans were particularly welcomed as it was well over 140 degrees inside many of our armored vehicles.

May your efforts bring great reward and satisfaction to your lives! May God bless your music and your friendship. Johnnie and Brookie, you will remain in my prayers as we draw close to redeploying back to our homes.

Sincerely,

A handwritten signature in black ink, appearing to read "Wm. Nicholas".
